Only 10 percent of Chile's population considers themselves indigenous, however, a majority of this group is.

7 Oct 2016 . But seriously, is a single language really that important to unity? Have we not seen people who speak the same language and share the same culture and religion fight like cats and dogs? The reality is that there is no end to the reasons that divide people. We tend to create or find a new excuse. If we have.

No simple definition can describe the numerous religions in the world. For many people, religion is an organized system of beliefs, ceremonies, practices and worship that center on one supreme God or the Deity. For many others, religion involves a number of gods or deities. Some people have a religion in which no.

Furthermore, because bliks are a basis for self-involving language, we care very deeply about our religious assertions. It becomes very important to have the right blik.(R. M. Hare in Antony Flew and Alasdair MacIntyre, eds., *New Essays in Philosophical Theology*, pp. 100-

101.)” Hare also points out that people may agree.

standings, both language and religion sort people into distinct, bounded and largely self-reproducing 'communities', and in this respect they are both analogous to ethnic groups and nations and variously intertwined with them. Second, language and religion are basic sources and forms of social, cultural and political.
