National Geographic's Trails Illustrated map of Manistee National Forest, North is a two-sided, waterproof map designed to meet the needs of outdoor enthusiasts with unmatched durability and detail. This map was created in conjunction with local land management agencies and is loaded with valuable recreation information. Trails Illustrated maps are expertly researched and frequently updated. The maps are printed in the United States on durable synthetic paper, making them waterproof, tear-resistant, and trail tough capable of going anywhere you do. The map is two-sided, and can be folded to a packable size of 4.25 x 9.25; unfolded size is 26 x 38. Net proceeds from the sale of this map go to support the nonprofit mission of the National Geographic Society. Key Features: - Waterproof and tear-resistant - Clearly marked trails for hiking, biking, horseback riding, ATV, and more - Detailed topography and clearly

defined, color-coded boundaries of state parks, national recreation areas, wilderness areas, marine sanctuaries and wildlife refuges - Hundreds of points-of-interest, including scenic viewpoints, campgrounds, boat launches and canoe carry downs, swimming areas, fishing access points, and more - UTM and Latitude/Longitude grid, as well as selected waypoints and a scale bar for easy and accurate navigation. - Detailed road network - Useful travel information on parks and key trails - Important safety information and tips - Information about local organizations and land management agencies

The best of the North Country Trail's 4600 miles parallels the crystal cool Manistee River, through the Pleasant Peninsula's most picturesque National Forest. For a perfect weekend loop, ride singletrack draped over dune topography - amongst pine and hardwoods that invite open camping - before indulging in a lazy river.
